

Call for posters and short presentations proposals
GastronomiQc Lab Symposium

Towards a sustainable gastronomy: Approaches and actions in
restauration

GastronomiQc Lab first symposium will be held on **September 29-30, 2019 at the Centre des Sciences de Montréal.**

This scientific activity provides a unique opportunity for students, postdoctoral fellows, research professionals and other symposium participants to **showcase their research** to professionals from the gastronomy sector, institutional and government stakeholders, as well as fellow students and researchers.

All participants whose research theme is related to sustainable development in gastronomy or food sciences are invited to **present a poster or a short oral presentation** (approximately 3 minutes) for small audiences of rotating participants. A prize of \$ 250 will be awarded to the student poster or presentation selected by the public.

Students participation to this knowledge transfer event will showcase the excellence of the gastronomic sciences research in Quebec and Canada.

Since the symposium is aimed at both gastronomy professionals and scientists of all disciplines, you should pay special attention so that your presentation is well understood by all.

Abstracts will be accepted on the basis of their relevance by the organization committee.

Deadline for abstract submission : August 30, 2019

Please send your abstract to Katherine Tanaka : katherine.tanaka@fsaa.ulaval.ca.

The instructions for abstract submission are listed on the following pages.
